Aeon is a nonprofit developer, owner and manager of high-quality affordable homes in the Minneapolis/St. Paul area. Established in 1986, the award-winning nonprofit has built or renovated 1,705 apartments and townhomes, which provide stability to more than 3,000 people each year – including individuals and families with low to moderate incomes and formerly homeless individuals.

The organization's inspiration to create community assets that last for generations stems from its name "Aeon," which means "forever." Its vision is that every person has a home and is interconnected within community.
